# Strong & Stable Government

Only the Liberals can provide the strong and stable majority government Tasmania needs. We will:

- Put up the “open for business” sign from day one;
- Get development happening again with a faster, cheaper, simpler and fairer single Statewide planning scheme;
- Cut red and Green tape by 20 %;
- Support small business, the engine room of our economy;
- Give our farmers a fair go.

## Build a modern economy to create jobs

### Supported by our competitive strengths

- Grow tourism to 1.5 million visitors per year;
- Look to the future with energy; making the case for a nationally-funded second Basslink;
- Invest in agriculture and aquaculture, backed by our 2050 AgriVision Plan; and,
- Grow our mining and forestry sectors into innovative, modern industries, and provide certainty of resource.

# The Liberals' Plan

**Only the Liberals have a plan to create jobs and grow the economy.**

We will:

- Provide strong and stable majority government;
- Build a modern economy to create jobs;
- Cut red and Green tape to encourage investment;
- Fix the budget; and
- Rebuild essential services.

The only way to deliver our plan for jobs and growth, and the strong majority government Tasmania needs, is to vote Liberal.

A vote for Labor, the Greens, or any other minor party is a vote to keep the Labor-Green minority government in power.
