

18 January 2017

Guy Barnett, Minister for Resources

Three Capes Track will not be logged

The Greens have today been caught out trying to create fake news.

Despite their claims, there will be no harvesting in or adjacent to the Three Capes Track, as I categorically stated on November 4 last year, and as reported by the ABC.

"There'll be no harvesting on the Three Capes Track, there'll be no harvesting adjacent to the Three Capes track. End of story."*
